Work Experience

Uplift
Founding Product Designer
Sept 2026 - Present

Led end-to-end product design across **10+ core user flows**, shaping product direction and prioritizing features from research to high-fidelity prototypes.

C2 Education
Tutor
April 2026 - Present

Supported students, including first-generation and under-served students, in reaching their academic goals

Y Stem & Chess Nonprofit
Product Design Intern
June 2025 - July 2025

Redesigned legacy homepage systems by applying user research, reducing complex user flows and improving visual cohesion. Presented design concepts (**5+ iterations**) and prototypes to stakeholders.

Lispresso AI
Product Design Intern
June 2024 - August 2024

Shipped a consumer AI news application, growing user base to **100+ users**. Helped re-design of UI elements based on user feedback.

Education

UC San Diego, Sixth College
June 2026

Bachelor's of Science in Cognitive Science
Specialization in Human-Computer Interaction
GPA: 3.5

Community

Design Co
2023 - 2026

Met with student designers on UX/UI projects, workshops, and design critiques to develop stronger product thinking and communication skills.

Design for America (DFA)
2023 - 2026

Collaborated with multidisciplinary teams to research problems, develop concepts, and present design solutions.
